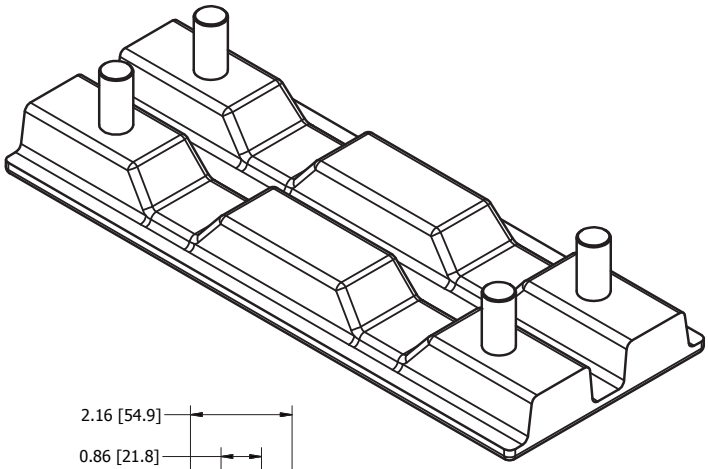
POLYURETHANE TRACK PADS

DURABLE WEAR COMPONENTS FOR PAVING EQUIPMENT & MORE

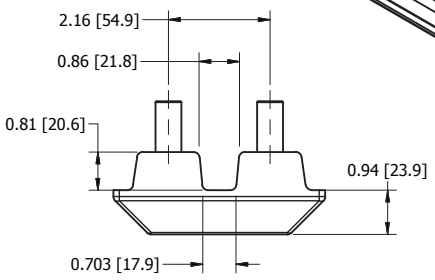
Increase uptime and service life with Dynatect's superior wear components, formulated with a patented urethane with superior abrasion resistance.

Due to the unique chemistry, Dynatect track pads will outperform other track pads on the market.



KEY ADVANTAGES:

- Longer-Life: Superior abrasion resistance
- Fewer Change-Outs: Reduce downtime
- Quick Installation: Bolt-on design is versatile and easy to install
- Quality & Consistency: Computer controlled valves and scale ensures precise urethane formulation
- Make it Your Own: Color and other customizations available



APPLICATIONS:

- Asphalt pavers
- Milling machines
- Designed for dry traction areas and high-utilization

TECHNICAL OVERVIEW

- Industry standard size bolt-on pad design
- Metric or SAE thread dimensions
- Additional custom sizes in 6-8 weeks
