

INSIDE DOOR LIFT BAR & BAR RELEASE STRAP

Inside Opening Lift Bar Option

- For interior access to opening/closing the door
- Two-handed operation:
 - Press the handle down to release the latch
 - Pull the door open
- Ideal for delivery vehicles and work trucks
- Exclusive Dynatect design

Bar Release Strap Option

- Paired with Opening Lift Bar Option
- Single-handed operation
- Pulling up on the strap simultaneously releases the latch and pulls the door open
- Ideal for the fast pace and repetitive motions associated with delivery vehicles
- Exclusive Dynatect design, patent pending
